TeamstersCare provides you with hearing care services at our state-of-the-art Charlestown Audiology Office. Benefits include testing for you and your spouse, hearing examinations and diagnostic evaluations, middle ear analysis, and hearing aid-related visits — *at no cost to you*.

You and your spouse can receive discounts of up to 15% on hearing aids from approved TeamstersCare vendors. You first need a hearing exam and voucher from TeamstersCare’s audiologist.

III. Your TeamstersCare Benefits: *Vision Care*

TeamstersCare has a contract with Davis Vision to provide you and your spouse with excellent vision benefits, at a reduced cost.

Davis Vision Network

Davis Vision has some 300 locations throughout New England, including New York. Under TeamstersCare’s Plan, you can visit any Davis Vision optometrist for a broad range of eye care services and supplies—*generally, at no cost to you*.

Your TeamstersCare Vision Benefits

You and your spouse are eligible for a routine vision exam once every 24 months, at no cost to you. In addition, you can select:

- eyeglasses from the plan’s eyewear selection, *at no cost to you*
- contact lenses, *for a \$25 copay*

When choosing either glasses or contacts, you must make your full selection at the time you have your authorized eye examination.

Eyewear You Can Select

The Plan offers an extensive assortment of eyeglasses, all with a one-year warranty. You can select:

- *at no cost to you*

- eyeglasses; a wide variety of frames and lenses; prescription sunglasses
- *for a \$25 copay—*
 - standard, daily-wear soft contact lenses
 - or**
 - a three-month supply of disposable lenses with a cleaning kit
 - and**
 - all visits needed to fit the lenses and provide follow-up care

Selecting More Than One Pair of Glasses

TeamstersCare’s Vision Plan provides you and your spouse with additional pairs of glasses from a full eyewear selection.

You are each eligible to receive two pairs of glasses, every 24 months. The glasses can be in any combination of lenses, except that both pairs must be prescription. You must select both pairs of glasses at the time of your examination.

If You Choose Contact Lenses

You can select either contact lenses or eyeglasses, but not both. If you choose lenses, you then have to wait 24 months before you can select eyeglasses from the Plan. Also, once the contact lenses are fitted, you cannot exchange them for eyeglasses. The Plan does not cover extra contact lenses, replacements, or contact lens insurance. However, if you select disposable lenses, Davis Vision may offer additional lenses for a discount. For information on this option, call 1-800-LENS123.

For contact lenses, you have to pay a \$25 fee directly to Davis Vision. If you need a type of contact lens not available from the Plan, TeamstersCare will pay for your eye exam, but you must pay all other costs.

Using the Plan

To schedule an appointment, call a local Davis Vision office directly or call 1-800-999-5431 for a list of providers in your area. When you call, the Davis Vision professionals will help determine whether you’re eligible for an examination and glasses under the Plan. If you need more information about contacting Davis Vision, call us at our TeamstersCare Charlestown office.

Important Note: For vision care, it’s important to remember that equipment, services, and supplies are covered only when they’re provided through the TeamstersCare Vision Plan at a Davis Vision network optometrist
